MEMORANDUM FOR: TALENT Control Officer, CIA

SUBJECT: Tally of NSA Shortcomings

1. In compliance with your verbal request there is attached hereto a list, in chronological order, of various types of oversights, confusion, and violations committed by NSA since their inclusion in the TALENT Control System. Tallies have been kept on other Agency and Service members, but fortunately their respective tallied shortcomings do not exceed two at most.

2. With the exception of item "14", these shortcomings have all been successfully resolved and corrected. Item "14" is under current investigation.

3. It is believed that the establishment of the new NSA TALENT Control Center, which provides better liaison with the TCO and TSO, will reduce if not eliminate future problems. The TSO/NSA has extended an invitation to the TSO/CIA to inspect the new TALENT Control Center at [REDACTED] 25X1A6a
